

Infuse 7

An elegant video player for iOS, Apple TV...and Mac!

Ignite your video content with Infuse – the beautiful way to watch almost any video format on iPhone, iPad, Apple TV....and now Mac! No need to convert files! Infuse is optimized for the latest devices and includes powerful streaming options, Trakt sync, and unmatched AirPlay & subtitle support. Gorgeous interface. Precise controls. And silky-smooth playback.

Key features

Play everything

Go beyond iTunes and avoid wasting hours converting or transcoding files. Infuse's powerful, super-efficient playback engine supports just about every video file ever created including: MKV, MP4, AVI, ISO, DVD, BDMV, and many, many others.

Stream from anywhere

Browse and play videos stored on a Mac, PC, NAS, media servers like Plex, Emby, Jellyfin, or cloud service like Dropbox, Google Drive, OneDrive, Box, pCloud, Yandex.Disk, and MEGA. Plus, videos from multiple sources can all be displayed neatly together in one central library.

Get organized, automagically

Automatically download metadata and artwork for movies and TV shows in seconds, and everything will be smartly organized into categories. Even better, movie sequels can be grouped together into collections which makes finding something to watch a breeze.

Keep it all in sync

Use iCloud to keep metadata, library settings, and playback progress in sync between all your devices. Start a video on iPhone, and easily jump back in where you left off on Apple TV. No server software to set up and manage, just super-fast, automatic syncing.

Plus other amazing things

High-performance playback

Silky-smooth playback of 4K (Ultra-HD) HDR video, with efficient hardware decoding of h.264 and h.265.

Super-easy subtitles

Bring your own, or add subtitles in seconds with free, one-tap downloads from OpenSubtitles.org.

Drag and drop transfers

Use AirDrop, iTunes, FTP, or a plain ol' web browser to transfer videos in a snap. No cables required. (iOS only)

Sync up with Trakt

Connect with Trakt to keep tabs on what you've watched by 'scrobbling' play history and ratings to your account.

Powerful multi-tasking

Stay on task with while you enjoy your favorite content with native Split View and Picture-in-Picture.

Videos on the go

Stream from AirStash®, SanDisk® Connect, and other Wi-Fi travel drives to play content no matter where you are.

Home theater & projectors

Versatile zoom, crop, aspect ratio, and alignment options allow for use with high-end theater environments.

Advanced video upscaling

Smart video upscaling allows lower resolution videos to look amazing, even on the largest screens.

Native Plex, Emby, and Jellyfin access

Connect with Plex, Emby, or Jellyfin to play videos (while home or away) and keep your library, watched history, and ratings in sync.

UPnP & DLNA

Tap into UPnP/DLNA apps like Kodi (XBMC), Serviio, and others to browse, stream, and download videos.

Get more storage

Get up to 256GB more storage by adding a SanDisk® iXpand drive, the world's best external Lightning flash drive.

Parental controls

Control the types of content your little ones can access with easily configurable rating and folder controls.

Dolby Vision and Atmos

Enjoy videos in all their high fidelity glory with Dolby Vision (Profile 5) and Dolby Atmos (E-AC3).

Variable-speed playback

Speed up or slow down videos to accommodate a wide variety of different watching scenarios.

Do even more with Infuse PRO

Additional video formats

Enjoy even more video formats and save yourself from hours and hours of file conversions.

HD quality audio

Hear every detail with added support for 24-bit Dolby TrueHD and DTS-HD MA audio.

AirPlay & Google Cast

Stream videos to the big screen, with surround sound and subtitles, via AirPlay and Google Cast.

Stay in sync

Keep your library, playback progress, and watched history in sync with other devices.

Cloud streaming

Stream videos directly from cloud file services like Dropbox, Google Drive, OneDrive, Box, pCloud, Yandex.Disk, and MEGA.

Updates for life

Get access to all future updates - even major releases like v8, v9, etc... with a subscription to Infuse Pro.

Pricing

Infuse 7 is a free app with optional Pro features.

Infuse Pro is available as an in-app subscription (or one-time purchase) and will cover all future updates.

All in app options can be shared with family members using Apple's native Family Sharing features (up to 6 people per family)

Pricing (United States)

- Monthly: \$0.99
- Yearly: \$9.99
- Lifetime: \$74.99
